

## Green Spaces & Durham County Land Ownership Fulforth Park

Attached is a map from DCC WEB SITE of land in their ownership at the present time at Fulforth Recreation Field.

The recreation field was formed 1973 between land in the ownership of Durham Rural Council and DCC Education Department to provide a joint use field, and to include a Community Centre, for residents and school children of Witton Gilbert.

DCC Education Department land at 1973 is shown edged pink on the attached plan whilst the land they claim to own as of the present time is shown edged green this being the boundary which is the fence line of their enclosed school playing since post 1990
